SUMMARY

Experienced Node.js Developer with a strong background in building scalable backend services and APIs. Proficient in server-side development, RESTful architecture, and database management. Skilled in optimizing performance, implementing real-time data handling, and ensuring secure solutions. Adept at collaborating with cross-functional teams and adapting to new technologies. Strong problem-solving abilities with experience in debugging and troubleshooting complex issues. Looking to leverage expertise in a dynamic development environment.

EDUCATION

Master of Computer Applications

July 2021

Asra Group of institute, (90.125 %)
Punjabi University

....

Bachelor of Computer Application

July 2019

Govt. Ranbir College, Sangrur (79.51 %)
Punjabi University

PROJECTS

Menehariya – Classified Ads (App)

Jan 2024

Node js, Express js, Mongodb,WebSockets, Stripe Payment Gateway, Firebase

....

Whuups True Social Interaction (App)

Sep 2023

React Native, Node.js, Express, MongoDB, WebSockets, Stripe Payment Gateway,Firebase

....

AOR (Auckland One Rail) (App)

May 2023

Node js, MongoDb, Express js, REST api,

PROFESSIONAL EXPERIENCE

Software Engineer(Node js)

Netscape labs pvt ltd. | March 2023 – Present

Menehariya| Live

○ Developed a comprehensive mobile application using Flutter, ensuring cross-platform compatibility for both iOS and Android users.

○ Integrated a backend with Node.js and MongoDB for efficient data management and storage.

○ Implemented real-time features using WebSocket for live user interactions, enhancing user engagement and experience.

○ Implemented real-time features using WebSocket for live user interactions, enhancing user engagement and experience.

AOR | Live

○ Developed a mobile application using Flutter for cross-platform functionality, ensuring a seamless experience on both iOS and Android.

○ Established a robust backend with Node.js, Express, and MongoDB for efficient data handling and management.

○ Integrated user authentication and real-time data handling, leveraging socket communication for instant updates.

○ Utilized Microsoft Azure for hosting and deploying the backend services, ensuring scalability and reliability.

SKILLS

○ Web App Development : **React, HTML, CSS, JS, Express Js, Node Js**

○ Database : **MongoDB, REST API, Firebase, MySQL**

○ Technical : **Linux, API Integration, Web / App Design**
